Hi Julie,

I asked Chuck to look into this on January 9th. It was after that date that he provided me with a copy of updated CV's. The week of the 17th maybe. I don't recall scrutinizing what it said until yesterday regarding the MS in Chemistry. That has been omitted from the most recent CV tha I have a hard copy of.

However, I have examples of discovery packets sent by Annie within the past week with the CV that lists the MS in Chemistry. One of those examples went to the US Attorney's Office to John Wortmann. I will forward you that copy.

I am concerned that she has possibly stated such when testifying?

ELO

Hi Chuck,

Can you look up what Annie put down for her education when she originally came into the drug lab in 2003? I don't know if you have her original resume or not. Della seems to think it was something different than what is on her CV and I'm not sure anymore.

Thanks,

ELO
